Passed Medical Pupil A. Loganathan not joining his appt.

Offg Senior Surgeon's letter No 9 211 dy 10-11-03.

One A. Loganathan was one of the 4 passed men appointed as Passed Medical Pupils on Rs 16/- a month in Govt order of the 22nd July, 1903. He did not, however, join his appointment, having taken service elsewhere. In his letter No 978 dated the 16th August, 1903, the Offg Senior Surgeon reports that there was no use in trying to recover the money from the man, as there was no contract entered into between him and the Govt.

Thereupon the Offg Senior Surgeon was requested to report when and under what authority the taking of a Covenant from Pupil Hospital Apptts, as prescribed in paras of Govt Notifn No 102 dy 7th June, 1871, was given up, and also to state the amount

spent on the education of Jogavathan in question.

In reply, the Offg Senior Surgeon states that it has been ascertained from the Dewan Physician in Mysore that in a personal interview he had with the late Dewan about the year 1893, the late Dewan told Col J. J. McLean that he ~~Could~~ would not longer guarantee the Medical Pupils appts on qualification and that accordingly no pupil has been since then, required to execute a bond. The amount spent on the education of Jogavathan is Rs: 921-8-9 as per Comptroller's docket to the Offg Senior Surgeon, of the 29th Oct 1903.

Submitted for orders.

Though the Government may be unwilling to guarantee appointments to the passed Medical pupils, it is perhaps a mistake to spend Government money by giving Scholarships to pupils who are not ~~bound to serve~~ even required to enter into a covenant with the Govt to serve upon such conditions as

may from time to time be
fixed by Government, should their
Services be required by Govt.
The fact that the late
Dewan mentioned to the then
Senior Surgeon in Course of Conversation
that he could not guarantee any
appointments to passed Medical
pupils is hardly a sufficient ground
for discontinuing the practice of
obtaining bonds from the pupils
as per Rules laid down in the
late Chief Commr's Notn No 102 of
7th June 1871, without the express order
of Government. The Senior Surgeon
may therefore, if approved, be
asked to obtain as early as convenient,
Covenants from all the Students
Who are now in receipt of Scholarships
binding themselves to serve the
Government should their Services
be required by them on such conditions

The Director through the 2nd Commissioner

I quite agree. The Scholars whom we subsidize ought certainly to enter into an agreement of the kind proposed. We [illegible] no guarantee but they should all the same render some service in return. They ought not to be at liberty to descend, having been trained at our cost. A.

Sir,

In forwarding the accompanying letter dated 8th August 1903,received from one A. Loganathan, I have the honor to state that this Hoppital Assistant was one of those passed out of the College last March and posted to be a Passed Medical Pupil in G. O. No.G.268-9 dated 22nd July 1903.

2. He was a private pupil during the last year of his studies as having failed at his examination at the end of his 4th year- the Principal of the College would not recommend him for a further stipend.

3 His services are now lost to Government as well as the stipends &c., he received from Government for his Medical education. If orders for his entertainment had been passed earlier Government might have retained his services and thus possibly reaped some return for the public money spent on his education. As no security and contract was entered into between Government

and these pupils I do not think it is any use trying to recover the money spent on his education. One Sunder Reddy is now paying into Government by monthly instalments the money spent on his education by Government. But so far as I can see it is money he was never legally bound to pay back, the case should therefore be taken as a precedent for all the present case

Sir.

I have the honor to reply to your order No. 406-9 of 25th July 1903 that I was dismissed from the College owing to failure in the Board of Exam. in 1902. I submitted an applⁿ to the Senior Surgeon to recommend me to the college Council for admission and scholarship which he refused saying that he does not require such men in his service. By the kindness of my Principal I was taken as a private student and enlisted in the class registers under the names of private student and was sent up before the Board of Examiners in the same capacity. When the College authorities recovered the books and instrum-ments what was supplied, I requested the Senior Surgeon to recommend me to the Principal to lend the books till the exam^n and had no reply up to this. Withal

the above mentioned facts I was longing for a post till July 1903. finding no orders I sought my bread as I have to maintain a large family consisting of brothers, sisters, mother, wife and children.

I thank your honor for the kindness and request that your honor will be kind enough to excuse me for the incapability of joining the appointment kindly offered.

I beg to remain,
Sir,
